

# Landscape and Farm Labor

Do you love to work outdoors with flexible hours, but don't like doing the same thing every day? Are you a bit of a jack of all trades

We are looking to hire an individual for maintenance and construction of hardscape and softscape in our winery gardens, as well as general farm labor on the ranch.

This position could be seasonal full time as well as year round. We are willing to discuss options with the right person.

General skills needed:

Able to take direction as well as be a self starter who can "understand the plan" and to stay busy

Able to work alone and as a team player as needed

Have a strong mechanical aptitude

Able to do heavy lifting

Drive a tractor... can train right person

Help develop and maintain extensive garden areas

Experience and ability to run a chain saw

Interest in and desire to learn decorative plant species separate from weeds

Pay is negotiable depending on skills and experience
